

Tell a Friend about WildBlue!

WILDBLUE
REWARDS YOU

To us, nothing is more rewarding than providing friends and neighbors in our community with such an exciting product like WildBlue Satellite Speed Internet. If you agree, and want your friends and neighbors to experience the exciting world of WildBlue, we'll reward you for every person that activates a WildBlue system and gives us a referral card with your name on it. Just write your name on the provided referral cards and hand them out. It's that simple!

Please read the back of this program sheet to review the policies regarding this program.
